

Mathematics Department - Additional Support Sessions

The Maths Department are currently providing an extensive range of support opportunities for Secondary pupils and I would like to make you aware of them and assist us in promoting them to the pupils.

The following spreadsheet gives details as to the support available each day and which cohort it is being provided for.

Please take note that some support is for a Key Stage and other support is provided by individual members of staff for their individual classes.

This support can be used for content covered in lessons; for home-work material and revision for internal and external assessments.

It is not expected that pupils go to every session available, however, this could be possible if a specific pupils requires that extra support.

Key Stage Open Sessions	Description	Day	Time	Room	Staff
KS 3 / KS 4	Lesson and Homework Support	Monday	Lunch	Maths 3	Ms Higgins
KS 4 / KS 5	Lesson and Homework Support	Friday	Lunch	English 1	Mr Lopes
